

National Pet Memorial Day

Byram Animal Rescue Kindness Squad, Inc.

I am sure, like all of us at BARKS, you love your pets like the most significant people in your life. To us, pets are more than companions. They are part of the family, and they teach us to love unconditionally, to live compassionately, to forgive, to play, and to laugh. But because of these gifts they share with us, the grief of losing a pet is immeasurable.

The BARKS Team invites you to join us on National Pet Memorial Day or any day to pay tribute to all the amazing pets you have loved and that have made your life better than you could have ever expected.

On this day of reflection, we hope you will remember all of the pets waiting in the shelter for their chance to be loved and to have a family of their own. Please consider making a gift in memory of your special friend that will give a shelter pet at BARKS the best chance at finding a loving home.

Thank you for your commitment to BARKS, for giving your pets the best lives possible and for allowing their legacy to live on by donating in their memory.
